

## Lake County Board of County Commissioners Department of Public Works to Hold Public Meeting

**November 1, 2016, For Immediate Release, Tavares, FL:** The Lake County Board of County Commissioners, Department of Public Works is conducting a Realignment and Multi-Modal Study for CR 437 in Sorrento. The project limits begin at Adair Ave. and extend north to SR 44. This study will provide corridor planning, preliminary engineering and environmental study analysis services. The plan will include bicycle and pedestrian needs and evaluate links to the East Lake Regional Park, the proposed Wekiva Trail, Sorrento Elementary School, and businesses. CR 437 will be evaluated for a realignment of the southern section to link directly with CR 437 to the north at the SR 46 intersection.

It is the goal of the Lake County Board of County Commissioners to engage the Sorrento and Mt. Plymouth communities during the course of this study, so that the County can develop a project that not only meets the transportation needs of the area, but is also supported by the community it is intended to serve. Community input is vital during the decision-making processes of this study.

A public meeting will be held on:

**Thursday, November 17, 2016 at 6:30 p.m.**

**Sorrento Elementary Cafeteria**

**24605 Wallick Rd, Sorrento, FL 32776**

The meeting will feature County staff and project team members who are engaged with the study, including engineering, traffic and environmental. An overview of the project will be presented, as well as discussion of available alternatives. The public is urged to attend the meeting and provide input.

Questions regarding the project or scheduled meeting may be directed to:
